

FORGOTTEN COOKIES

2 egg whites
2/3 C sugar

1/2 C chocolate chips
1/2 C pecans

Beat egg whites until frothy, gradually add sugar while beating. Add chocolate chips and pecans to above mixture. Drop cookies on foil covered cookie sheet. Preheat oven to 300° turn off oven, and put cookies in, leave in oven overnight. May seem strange, but will be fine in the morning. Very good and fun too.
